Abdullah Azhar

Full Stack AI/ML Engineer

Mobile: 0314-0632577 **E: mail:** abdullahazhar202rr@gmail.com
LinkedIn: linkedin.com/in/abdullahazhar202
GitHub: github.com/abdullahazhar202rr

Personal Profile

AI/ML engineer currently pursuing a Bachelor's in Artificial Intelligence at The University of Faisalabad. Passionate about building innovative machine learning Solutions, Fine Tuning LLM's, Skilled in computer vision, predictive modeling, and modern web technologies. Seeking opportunities to apply technical expertise in real world projects and contribute to cutting edge AI advancements.

Achievements

- Selected for **AI Creators** to publish predictive models on AI Predictions platform.
- Conducted certified workshops on **JavaScript (Beginner–Advanced)** and **AI/ML fundamentals** with 50+ students trained.
- Architected responsive web applications for organizational initiatives using React.js, Next.js, and Tailwind CSS.
- Recognized for exceptional performance during **C++ programming training** at Digital Empowerment Network.
- Participated in the Renowned Google Developer Hackathon organized by Daira at Fast University and got selected out of 60 teams for participation based on Proposed idea and made it to the top 20 selected teams for participation.

Skills

- **Languages:** Python, C++, JavaScript, SQL, HTML5, CSS3
- **Frameworks & Libraries:** React.js, Next.js, Express.js, Node.js, MongoDB, Tailwind CSS, Bootstrap
- **ML/AI:** TensorFlow, Keras, PyTorch, scikit- learn, OpenCV, YOLOv8,LLM's Flask, Streamlit, Gradio
- **Tools:** Git, GitHub, REST APIs, Firebase, Figma, VS Code, Agile Development
- **Competencies:** Full: Stack Development, Computer Vision, Object Detection, Predictive Modeling, UI/UX Design

Projects

- **Architectural Diagram Generator:** Python, OpenCV, LLM, API Integration
- **Jarvis AI Assistant:** Python, LLaMA, GPT4All, React
- **Shop People Counter:** Python, YOLOv8, SORT, OpenCV
- **Virtual Try: On System:** Python, GANs, Gradio
- **Real Time Fire & Smoke Detection:** Python, TensorFlow, OpenCV
- **E-Commerce Platforms (Poshzem, Eloramade):** Next.js, MongoDB, Firebase
- **Predictive ML Models:** Python, scikit**:** learn, Flask/Streamlit
- **Object Detection System:** Python, YOLOv3, Flask
- **LMS Platform (Team Lead):** C++, Python, OOP
- **BTC& Gold price prediction:** Python (Predictive models +Ensemble)
- **Package label prediction:** Deployed on raspberry pi for Kashmir LTD.

Work Experience

Machine Learning Engineer: AI Predictions *(Aug 2025– Current)*

- Developed production**:** ready ML models for cryptocurrency and financial prediction systems.
- Published predictive models on AI Predictions platform.

Machine Learning Engineer: Visibility Bots *(Jul 2025–Oct 2025)*

- Engineered GAN**:** based virtual try**:** on system with realistic garment overlay.
- Built fire/smoke detection model (92% accuracy) and Pakage label prediction system using YOLOv8.

Web Developer & Workshop Instructor: Youth Empowerment (MLSA) *(Mar 2025–Present)*

- Conducted certified workshops on JavaScript and AI/ML fundamentals.
- Trained 50+ students in React.js, Git workflows, and modern web technologies.
- Designed responsive web applications using React.js, Next.js, Tailwind CSS.

AI Intern: Digital Empowerment Network *(Sep 2024–Oct 2024)*

- Completed intensive C++ programming training with recognition for outstanding performance.

Education

Bachelor of Science in Artificial Intelligence

• University of Faisalabad, Faisalabad •
Continuing (2023: 2027)

Intermediate (FSC) in Biology

- Kips college , Faisalabad
- Grade A
- Session: 2020: 2022

Matriculation in Biological Science

- Sandal College , Faisalabad
- Grade A+
- Session: 2018: 2020
- Diploma in Full Stack Development
- Diploma in Advanced Python
- Discover AI in Daily Life: *Google, 2025*
- Building ML Models using Python: *Microsoft Learn, 2024*
- Python Insights & VS Code Hacks: *Microsoft Learn, 2024*
- Explore Mixed Reality: *Microsoft Learn, 2024*

Leadership & Activities

- **NSPBP Ambassador (ID: NSPBP 875):** Digital Empowerment Network *(Dec 2024–Aug 2025)*
- **Workshop Instructor:** Conducted certified JavaScript & AI/ML workshops at Youth Empowerment
- **UI/UX Design:** Proficient in Figma for modern web design & prototyping
- **Tuf Placement Bureau:** Integrated an Ai model on the back end of the placement bureau official site for The University of Faisalabad as Head lead.
